WE INVITE BRICS COUNTRIES TO PARTICIPATE!

Copa Junior is an annual large-scale family football festival.

In 2025, COPA JUNIOR gathered **207 teams** from all over Siberia, Transbaikalia, the Urals, and Central Russia.

That’s over **10,000** participants (including parents and coaches).

TOURNAMENT THEME: COUNTRIES BRICS

Each team represented one of the BRICS countries, which allowed children and parents to get acquainted with the cultures of these nations through symbols, national colors, music, tent decoration, and the concert program.

The festival received great public attention, and we are happy to consider the opportunity for international partnership and cultural participation of teams and delegations from BRICS countries in 2026.

PROJECT GOALS

COPA JUNIOR is both a championship and a large family festival.
While 17 fields are playing football simultaneously, entertainment and educational areas are operating nearby. You can have a picnic and spend the whole day with your mom and dad in a healthy, sporty environment.

Our goal: to promote healthy family values through participation in a major sports festival.

Our global mission: to create a community of conscious parents by uniting the whole family with sports teams.

FOOTBALL FORMATS

The **CopaJunior** festival is not just a competition, but a large-scale football celebration that brings together children and teenagers of different ages and skill levels. Within the festival, matches are held in various football formats.
Thanks to a flexible organizational system, we can adapt the match formats according to the number of participants, age categories, and team goals. This approach allows us to create comfortable and equal conditions for all participants, making the tournament as dynamic and engaging as possible.

The current list of football formats and participation conditions can be clarified with the festival organizers.

PHOTO GALLERY

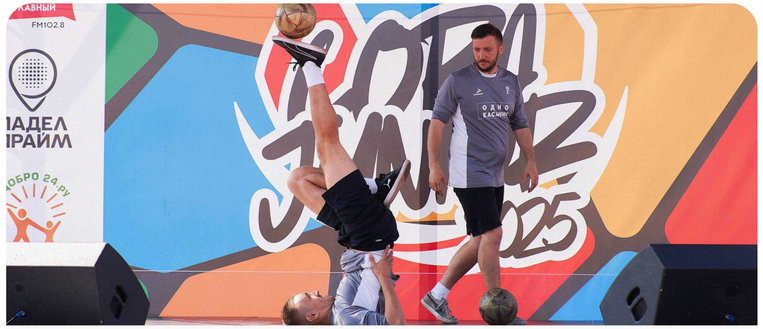

About 9,000 people participate in the opening ceremony: children and their families.

We are preparing a show because children should remember: football and sports = positive emotions.

Parents create the atmosphere and learn how to support athletes properly.

Besides the matches, the festival includes master classes and educational zones.

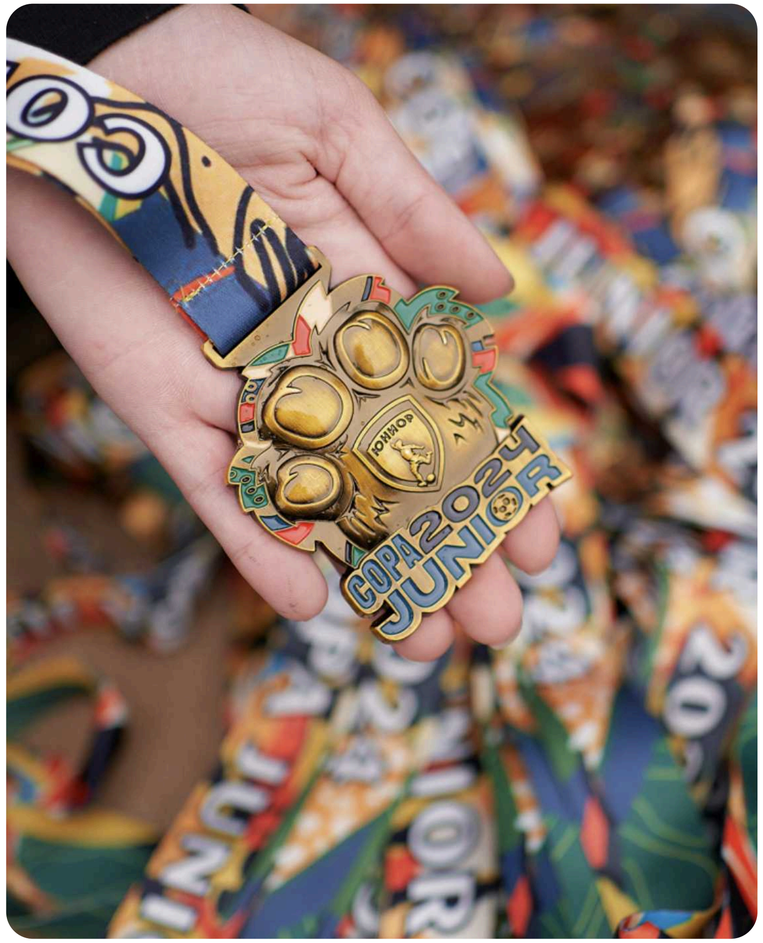

Entertainment areas and a family picnic zone are available.

Each participant receives a set of awards and medals, specially minted exclusively for the tournament.
